

# UNDER-COUNTER STEEL

## DRIVING EFFICIENCY AND ENHANCING SECURITY

Under-counter steel is a proven way to optimize the efficiency of your teller teams while enhancing your security strategy.

The experts at BD&E deliver teller and under-counter equipment options for a variety of applications. From under-counter cabinets to cash drawers and more, we can design, specify, and install standard or custom solutions to meet the needs of your community financial institution. All of our products are designed to be low maintenance, durable, and scratch resistant.

## OUR CLIENT-CENTRIC APPROACH TO UNDER-COUNTER STEEL

### ASSESS CURRENT PAIN POINTS

We take time to understand your business operations and identify areas for improvement.

### DEVELOP TAILORED SOLUTIONS

We recommend standard or customized solutions to optimize teller workflow and enhance security.

### BRING THE PLAN TO LIFE

We design and install the highest quality under-counter system that helps you achieve your business goals.
